Ok, sure. That's a good idea. Maybe I should also invite Chris Zell to the pre-meeting? I'm not sure how much we are able to tap him for input these days, but he would be helpful on the modeling aspects.

That is a good plan. I won't be able to attend. Could you set-up a pre-meeting time with the 3 of us to discuss TMDL writing plans, modeling needs, work-share ideas, etc?

Hi Dave,

I spoke with Andrew K. last Friday and he suggested having an in-person meeting to go over our planned Deschutes action and make sure we are all on the same page regarding permitting implications, etc. The goal would be to keep the meeting small and focused on more technical discussion (not policy). I think he'd also like to discuss next steps after we take action on the TMDL. We'll put together a more concrete plan later this week/early next week, and the meeting would be the afternoon of 6/22. Laurie plans to go with me. Is this something you'd be interested in attending? I will go ahead and send you the calendar invite, just in case.

Thanks,

Subject: EPA - Ecology TMDL meeting

Hello, all –

Details on our TMDL meeting stemming from Miranda and my phone call: Friday, June 22 at 1:30 at the Tacoma Public Library - Moore Branch (215 S 56th St, Tacoma, WA 98408). We have the room reserved until 3:30 – not sure how long it'll actually take. Miranda, this is a slightly later start time due to availability of the room – let me know if you have afternoon scheduling issues.

Feel free to invite others if needed.

Andrew
